

LAUNCH TEAM MEETING

Sunday, March 24th (1 month before launch)

KEY POINTS

As leaders rise in ministry, responsibilities increase, and privileges decrease.

Those who want to take the responsibility of strong leadership have to give up the privilege of loose commitment. -Larry Osborne

Transitioning to a weekly schedule will demand:

1. a higher level of responsibility
2. a greater commitment to the team vision
3. better stewardship
4. better organization

The 4 Tests of Committed Leadership

1. Can I receive an order without it getting underneath my skin?
2. Can I give an order without it going to my head?
3. Can I own and communicate a vision that is not my own?
4. Will I grow up to the level that the vision demands?
